

Dritzy

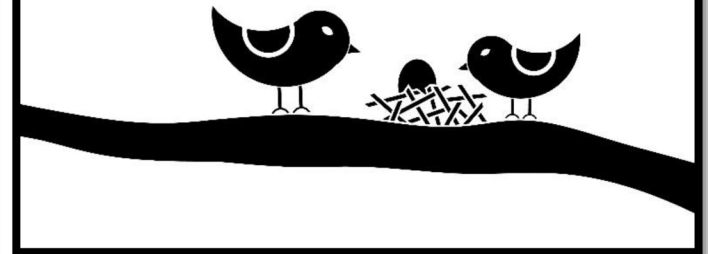

These are Dritzy's parents.
They love each other very much.

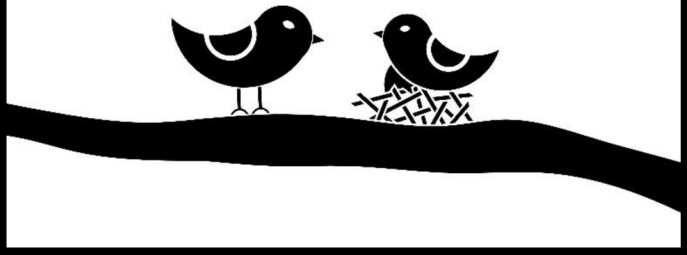

Together they build a nest.

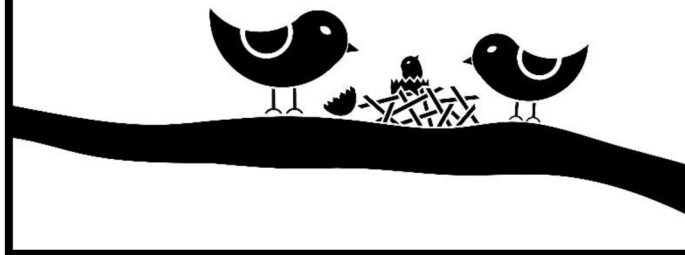

His Mother lays a beautiful egg.

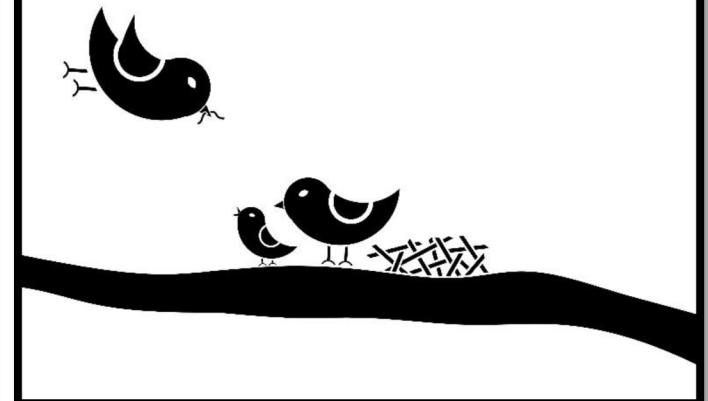

And she starts incubating the egg
very carefully.

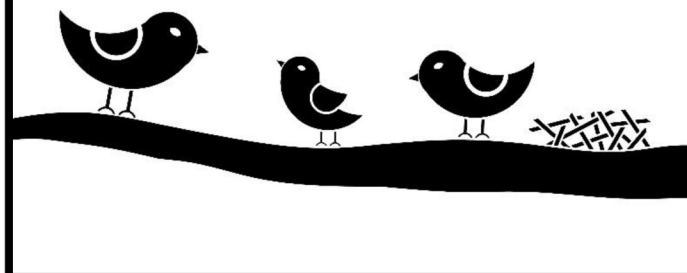

One day little Dritzy hatches.

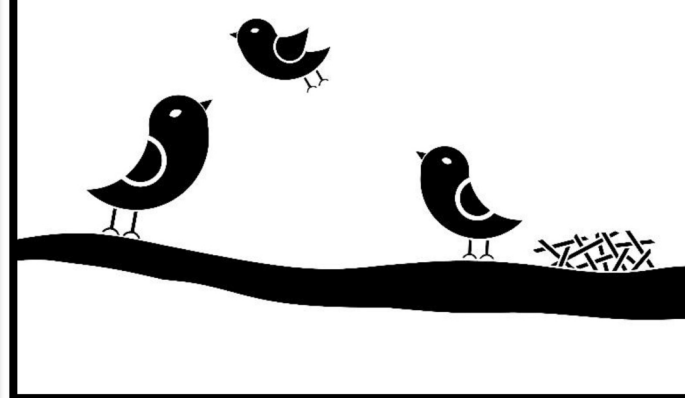

His parents care for him very much.

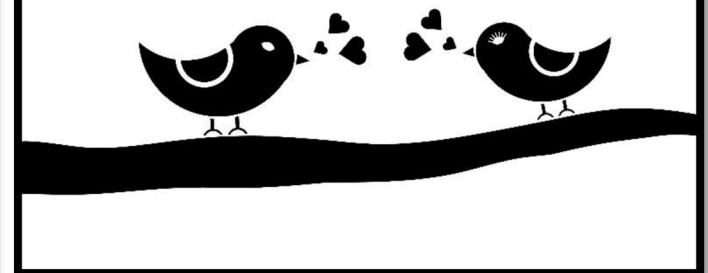

Dritzy begins to spread his little
wings.

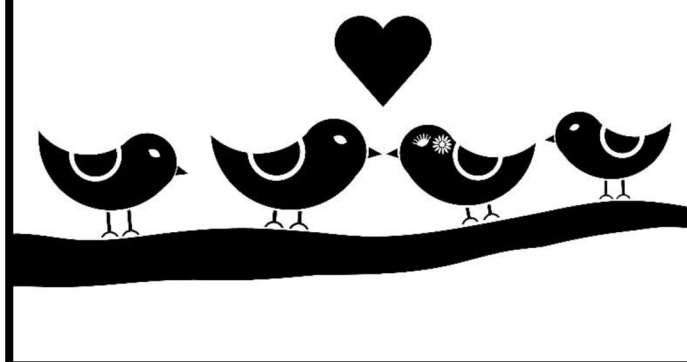

And one day he flies away.

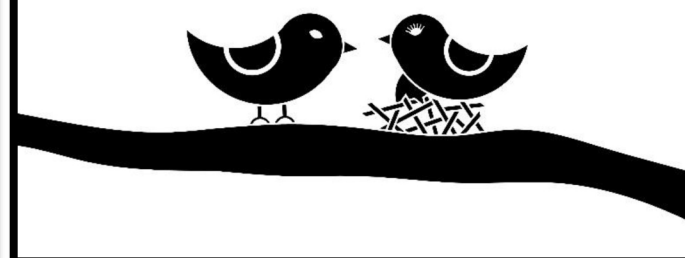

Dritzy falls in love.

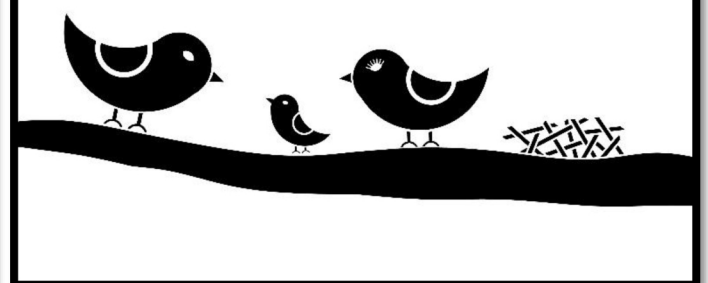

And marries his great love.

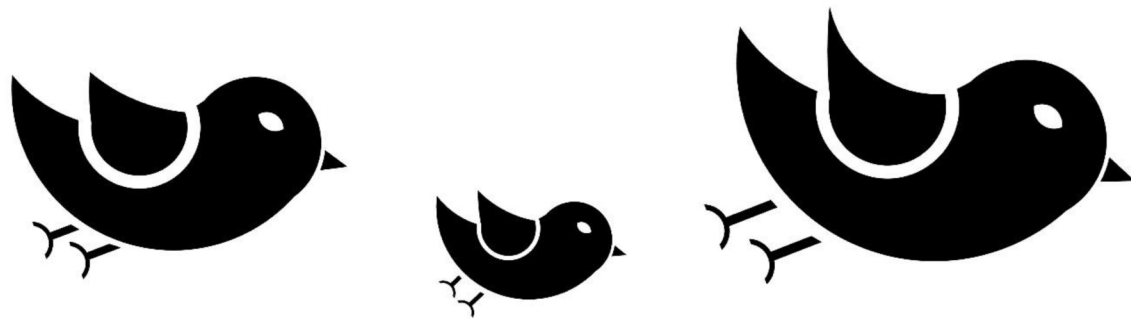

It does not take long and his love
lays an egg.

A beautiful chick hatches from the
egg.

Dritzy

Dritzy's parents are now Grandma and Grandpa.

They are getting older and older.

Grandpa is getting weaker and weaker.

And one day he dies.

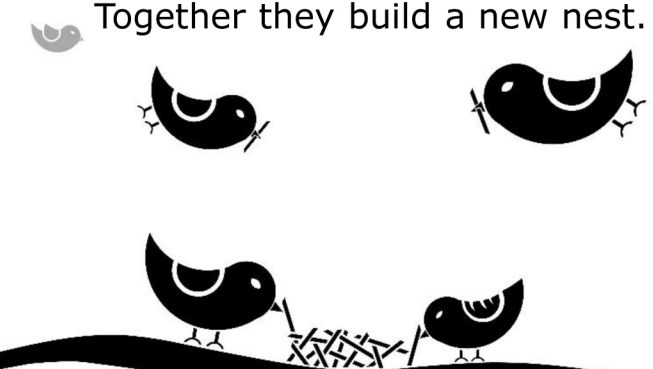

Grandma, Dritzy, and his children stand around him sadly.

And say goodbye to him.

Together they build a new nest.

And Grandpa is in their hearts forever.
